

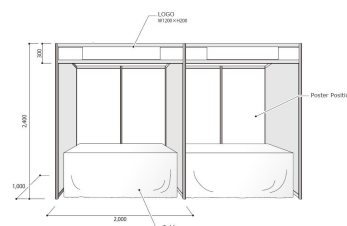

Exhibition Package	US \$2,000.00
Registration Discount	
Complimentary Registration	2 delegates
LOGO Branding & Visibility	
4GCMEA Website w/t link to company	
Inner Page of Conference Program	
Booth	
Dimension: L 2m * W 1m * H 2.5m	
with Table*1, Chairs*2, (Optional: 220V Power Supply)	
Optional Insert into Delegate Bag	
Gift (provided by exhibitor)	

Remarks:
Every exhibitor can prepare the poster to decorate the inner booth as per the dimension.

As known, the Global Conference on Microwave Energy and Application (GCMEA) is a major worldwide academic event on Microwave Energy Applications held every four years and globally sponsored by 5 prestigious organizations in microwave energy research and application field, i.e. (in alphabetical sequence):

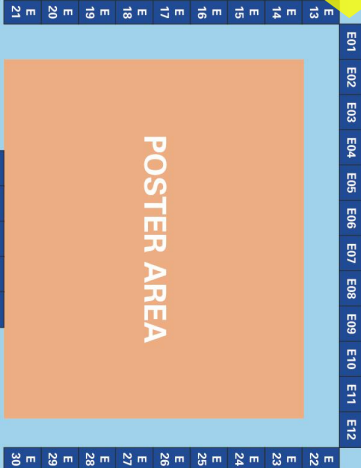

- Association for Microwave Power in Europe for Research and Education (**AMPERE**)
- China Association of Microwave Power Applications (**CAMPA**)
- International Microwave Power Institute (**IMPI**)
- Japan Society of Electromagnetic Wave Energy Applications (**JEMEA**), and
- Microwave Working Group (**MWG**)

The 4th Global Congress on Microwave Energy Applications (**4GCMEA**) will be held at August 17th-20th,2020 in Chengdu, China with an estimated 500 individual participants in academic and industrial sectors from all over the world based on statistics of the previous 3rd GCMEA at Universidad Politécnica de Cartagena, Cartagena, Spain which was successfully host by AMPERE in 2016.
